Letter to Editor

DO THEY HIDE BEHIND THE CHURCH?

The Cardinal Mindszenty Foundation and The Hate Kennedy Newspapers use poor taste in attacking the character of a dead man. There is something so mean and cowardly about attacking a dead man who can't defend himself. You are reminded of a grave robber who digs down where a man lies dead and helpless.

The deceptions used in the attacks on Kennedy come from questions of a diseased imagination, gossip, cowardly, insinuations, rumor and the tirades of that Shrewish woman, Madame Nhu, etc. They equate Kennedy with Castro and imply that Kennedy deserved to be assassinated.

As every informed person knows, Kennedy went to extremes in trying to save all Cuban blood from being shed. In fact Kennedy was severely condemned by The Hate Kennedy Press for protecting Pro-Castro people and preventing war. Now The Hate Kennedy Press picture Kennedy with hands dripping with blood, trying to assassinate World Leaders.

As for President Diem and his brother Nhu, Kennedy tried hard to save them. But like into the stiff-necked men God tried to help in the Bible, these men Diem and Nhu left no way open for reforms of their government, excepting violence. So they were murdered by their own people.

But since our Central Intelligence Agency is by necessity a secret organization, all sorts of speculations were heard against Kennedy by character assassins. This should remind us of the value of truthful, free newspapers.

It is shameful to see how The Cardinal Mindszenty Foundation is disgracing our Blessed and Holy Roman Catholic Church. The Church stands firmly against such deceptions.

I have spent much time defending The Catholic Church. Of course a Church so very old, having lived through "The Dark Ages," has made serious mistakes. The best defense is truth.

All men of good will and truth are joyous to see how Pope John XXIII and Pope Paul VI have reformed The Church. Its a long story, but they have reformed the Curia and its strongest organization the Holy Office" from which the Inquisition sprang. The Church that has the St. Bartholomew Massacre and The Spanish Inquisition on its Conscience, finds that the truth, love, humility and moral force of The Good Pope John and the good and scholarly Pope Paul become it.

The less The Cardinal Mindszenty Foundation talks about blood, cruelty and murder — as it frames its deceptions against Kennedy — the better for our Blessed and Holy Roman Catholic Church.

The only reason that The Cardinal Mindszenty Foundation hates our Late Good and Great Catholic President Kennedy—is that Kennedy rose above their moral and spiritual standards — exactly the same reason the enemies of Jesus Crucified Him.

Sincerely Yours in Christ,
Hiram Lackey
